Dear Jeff,

Thank you, Ronnie Perez and Stephanie Williams for the outstanding support you provided AOC Support Services, LLC during our Phase-In of the NAF El Centro Base Operations and Support Services contract. From 2 – 4 September, your team briefed and guided over 100 employees of the incumbent contractor through the employment process. Despite cramped working conditions, the summer heat of the Imperial Valley and some incumbent employees who have a minimal comprehension of English, your team efficiently processed all personnel without exception. Because we were processing these personnel after their work hours, they were anxious to complete the paperwork and head for home. If not for your team's helpful and courteous support, this could have deteriorated into confrontation. That never happened. We never could have accomplished this hiring process in three days without your professional, friendly and thorough support. It was a pleasure working with you! We look forward to a great relationship with GHRO as we execute the contract.

Sincerely,

A handwritten signature in black ink, appearing to read 'Bob Herndon', written over a large, stylized, looped initial 'B'.
